

SPECIFICATIONS

Product Description: **HEATER**
Part Number: **9513-50**
Style: **PROPANE**

GENERAL DESCRIPTION:

Lightweight compact propane heater designed for use with 9513 Axial Blowers.
Low maintenance and great portability.

CONSTRUCTION:

- Rigid metal base & housing.
- Powder coated orange
- Metal grid exhaust outlet
- Flange on Exhaust outlet to attach ducting.
- Metal aluminum handle.
- Four rubber feet

FEATURES:

- Solid State Circuitry
- Built-in Flame Detector
- Built-in Temperature Limiter
- Built-in Airflow sensing System
- Stainless steel heat Exchanger

FUEL:

Type: Propane
Consumption: 3.5 lbs/Hr
Tank: External (Most size tanks can be used)

PERFORMANCE:

BTU: 70,000

REGULATOR: (Not included)

P/N: 9513-52

DIMENSIONS:

Length	Width	Height	Weight
17 1/4"	12 1/2"	14"	20 Lbs
